

## Immersion en anglais, enseignement secondaire

### Introduction

L'inventaire de ressources ci-dessous est organisé en deux parties.

**La première partie** propose une liste d'adresses internet renvoyant à des sites utiles. Pour chaque site, on trouve :

- une estimation du niveau où la ressource peut être exploitée ;
- la mention de la gratuité d'accès ou d'une éventuelle participation financière ;
- un bref résumé du contenu ;
- des éventuelles icônes indiquant la présence de documents téléchargeables.

|   |        |
|---|--------|
|  | pdf    |
|  | audios |
|  | vidéos |

**La seconde partie** liste des références de manuels et d'ouvrages de références.

Pour chaque livre, on trouve :

- le nom de l'auteur et / ou de la maison d'édition ;
- une estimation du niveau où la ressource peut être exploitée ;
- une brève présentation du contenu.

Chacune de ces parties respecte un code couleur faisant directement référence aux disciplines susceptibles d'être enseignées en langue cible. La couleur grise renvoie à un site consacré à l'enseignement par immersion. Une dernière catégorie, plus pratique, renseigne les enseignants sur des outils utiles pour l'organisation de la classe.
